

SAVANNAH WHITE

Representing Australia - Under 19's Costa Blanca Futsal Tournament 2023

Savannah White is a first-year student at Robb College studying a Bachelor of Environmental Science at the University of New England. Along with a curiosity towards the environment and our forever evolving and adapting ecosystems. She has a strong passion for Futsal, an extremely fast, indoor-based sport, with five players a side including a goalkeeper.

She began playing futsal around the age of 8 at her local PCYC with friends from primary school. She was soon hooked by the speed of the game, how fast the scoreboard could change and the beauty of the goals you could create with your team mates. From there, she went on to play in local community competitions during the soccer off season. Her team played in the regional competition playing for the Newcastle Titans and the Maitland Storm in tournaments from Coffs Harbour to Wollongong.

Savannah was selected to play in the New South Wales state side at a national level. Nationals are held twice a year in Sydney and Brisbane and she has attended every year from 2017 to the championship held earlier this year. After last year's Nationals she was selected to represent Australia in the under 18's squad, travelling to the New Zealand.

At the Nationals held earlier this year, she received an Allstars awards for showcasing a variety of not only skills on the court but also qualities of sportsmanship and fairness. Savannah has again been selected to represent Australia in the under 19's squad travelling to Spain to play in the Costa Blanca Futsal Cup in July this year competing against countries from all corners of the planet!

Balancing Futsal with University has been extremely challenging; however Savannah is determined to continue to pursue both of her passions simultaneously and has accepted to the opportunity to play for Australia again this year!
